Career Profile

I am a versatile artist and technician, have managed all phases of lithographic design and production. I am seeking a position that effectively employs my creative talent and technical skills. I am well prepared through my education and career. I have a sweeping background in commercial art/printing/fine art with excellent knowledge of the industry and its most leading edge tools. I am also very willing to work outside of my field as my work ethic and personality lends itself to many other successful employment possibilities.
